

4th-6th Grade Classroom Facilitator for The 2022/2023 School Year

Theatre South Playhouse located in Dr. Phillips, Orlando is hiring additional teacher/facilitators for our 2022/2032 4th/5th grade FLVS Flex Conservatory Program:

<https://www.theatresouthplayhouse.org/the-conservatory>

The perfect candidate would be an extremely organized professional with a background in education, and working with children. A born leader who can lead eight to twelve 4th/ 5th grade students and their weekly online classes. (Each student normally works on 2-3 assignments a day (or segments). Holding a teaching license is preferred but not mandatory. The facilitator is responsible for scheduling the student's live lessons, exams, DBAs (student assessments with their online teachers) and keeping them on track during the day, and uploading their in-person work.

While having some theater or dance background is a bonus, we are looking for energetic and creative facilitators to help our students with "brain breaks" both indoors and out: playing improv games or dance/sports breaks to get them off their screens and into the real world. Creative theme dress up days and fun events are essential to keeping our kids excited and engaged for their day of computer learning.

The classroom facilitator is responsible for connecting our students and parents to their FLVS teachers. FLVS does all the teaching and class planning, the facilitator is there to keep them on track, honest, and there to answer questions and help our students when needed on working through a problem or even extra help. Math experience preferred.

The hours are Monday through Thursday 8-2pm and Fridays 9-1pm. We follow the OCPS calendar for holidays and school closings. Class officially starts at 9:20am but some students come in early for pre-care. Fridays will also be a field trip day.
